

MR. RHODES: And then he also, at the same time, should invoke the Insurrection Act. He doesn't need to build -- I was talking to Kellye about this -- you know, he doesn't need to build some kind of complicated case about election fraud, and collusion, and RICO, and conspiracy to justify bringing the Insurrection Act. He now has the facts [static interruption] -- You guys, mute your phone if

MR. RHODES: So those are the two things he has to do. That's why we got to focus like a laser on this, okay: declassification and data dump and invoking the Insurrection Act, and suppressing this insurrection.
